

# Sample Notice to Patients

## **Your Comfort and Safety Matter to Us**

We want all of our patients to feel safe and respected. To help you feel more comfortable during medical exams or procedures, we offer a chaperone to be with you.

## **What is a Chaperone?**

A chaperone is a trained healthcare worker who can stay with you during your exam or procedure to give support and help you feel at ease.

## **When Can You Have a Chaperone?**

- During any private exam or procedure (like breast, pelvic, genital, or rectal exams).
- Anytime you ask for one.

## **Your Choices:**

- You can ask for a chaperone anytime.
- You can say no to having a chaperone if you prefer.

## **Please Let Us Know:**

- If you want a chaperone during your exam.
- If you have any questions or concerns.

Thank you for helping us keep our clinic safe and comfortable for everyone.
